# THE YORK NURSERIES

One of the Oldest Nurseries in Nebraska

Reg. U. S. Pat. Ofs.

Let this TRADE-MARK be your buying guide. It stands for OUALITY AND SERVICE.

If any nursery stock proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

### TO OUR PATRONS

This Price List includes the best of the older varieties and the cream of the newer sorts. We feel sure that they will give satisfaction to every customer. We grow and can furnish other varieties than those named, and solicit correspondence regarding the same. The ones listed have been found by test to be well adapted to this latitude, and are general favorites.

We grow a large and complete line of Choice Fruit Trees, Small Fruits, Shade and Ornamental Trees, Evergreens, Shrubs, Roses, Vines, Bulbs, Seeedlings, Osage, etc., especially for the retail trade.

Our stock is of extra quality, and is graded to the highest standard of excellence.

### FACILITIES

Our facilities for packing and handling stock without exposure are all that could be desired, having packing houses and cellars especially designed for this purpose, and a complete system of city water works on our grounds which, with our large number of trained assistants, enables us to pack and deliver all orders entrusted to us in the best possible condition.

### ENTOMOLOGIST'S CERTIFICATE

We have inspector's certificate showing our stock to be free from San Jose scale and other dangerous insect or plant disease, and attach fac simile to each shipment.

### HARRISON NURSERY CO.

York, Nebraska.

References: Bradstreet's and Dunn's reports, or vour home banker.

### SAMPLE OF OUR HIGH-GROUND STOCK.

XX Special 5-6 Feet 4-5 Feet HARRISON trees have a root system one year older than the body. This insures a strong, vigorous tree.

# The secret of success is doing one thing and doing it well

A half century in one locality, doing one thing and doing it well is a record to which we can point with much pride and satisfaction. Judging by the hundreds of letters received from satisfied customers, who have been making permanent improvements by planting the best, causes us to want to continue the same course in the future. We are just old fashioned enough to believe in the old adage that it will not pay a person to be a Jack-of-all-trades and master of none.

The tree family is similar to the human family. A child one year of age does not have the vitality that a child three years of age has and its chance for a long life is not so great. The younger child needs far more attention than the older child. How like this is Nursery stock. We have the experience and facilities which the planter does not have, for growing the young stock into more mature trees and we can do it much cheaper and better than he can. Our experts, after working three years on a tree, produce one that is just right for orchard planting. Think of it, one bushel of fruit will more than pay the price of one of these trees and too, you will get a crop two years sooner than you would if you were to plant yearling treesthis is economy.

You will agree with us that no Nursery in existence is more careful than we are in packing Nursery stock for safe delivery. This is a service that is worth while and we know it is appreciated. Do not forget to call on us for advice at any time during the year. We want to help you in every way that we can.

### HARRISON NURSERY COMPANY

York, Nebraska.

# One of the Largest Nurseries in the United States

Member National Home Planting Bureau.

Our Landscape Department is at your service.

Let us help plan your planting.
